

Sustainability in Action

An announcement from Republic Services

For Monday service customers – On Monday, 1/26/26, due to the circumstances and with safety being the number one priority for the community and our drivers, we have decided to shut down all operations. At this time, our plan is to hopefully resume on Tuesday and treat Monday as a holiday in which all services will be delayed by one day. Our leadership team will be meeting on Monday afternoon to determine the best path forward.
